Dear Principals

The Healthy, Hunger-Free Act of 2010, Public Law 111-296 establishes requirements for conducting outreach to households on the availability of Summer Food Service Program meals. Eligibility is any child 18 years of age or younger or any person over 18 who has been determined by a state education agency or local public educational agency of a state to be mentally or physically handicapped and is enrolled in a public or private nonprofit school program.

Each school authority is required to conduct outreach on the availability of the Summer Food Service Program to the households of enrolled children. Each school is to inform families of the availability and locations of free meals for students when the regular school year ends. Acceptable forms of outreach may include, but are not limited to: letters to parents, fliers, or information via electronic or printed materials. The **Calcasieu Parish Police Jury** will be providing the **Summer Food Service Program for Calcasieu**.

Sincerely,

A handwritten signature in black ink that reads "Edrie A. Durio". The signature is written in a cursive style with a large initial "E".
